

STAGE 4 TECHNOLOGY MANDATORY

Desk Tidy | 25-period teaching program

Materials and production processes | School-developed, NESA-aligned teacher review copy v2.0

Course	Stage 4 Technology Mandatory (Years 7-8)	Syllabus	Technology 7-8 Syllabus (2023)
Delivery	10 weeks 25 x 60-minute periods	Pattern	5 periods per fortnight
Lesson balance	5 theory 5 project/folio 15 practical	Focus	Materials and production processes
Status	Local review candidate	Use	2027 delivery - schedule TTC

Plugin build coverage: 15 named theory sections | 150 feedback-rich checks | 20 scaffolded capstones | 15 applied activities | 14 verified videos plus 1 full on-site alternative | 12-card folio | five 8-slide decks. Assessment planning reference: current 2026 subject-level handbook 60% Project and Practical | 25% Folio | 15% Design Knowledge. This is not a Desk Tidy unit assessment or outcome mapping. The 2027 schedule and formal notifications remain Teacher to confirm.

Stage 4 outcomes

Outcome	Official wording
TE4-SDP-01	explains relationships between sustainability, design and production
TE4-PDP-01	describes the practices and processes of designers and producers
TE4-MSD-01	explains how materials, systems and components contribute to solutions
TE4-PPM-01	applies processes in the planning, management and production of projects
TE4-DES-01	communicates and evaluates design ideas and solutions
TE4-SAF-01	selects and safely uses tools, materials, technologies and processes

Teacher-to-confirm register

When	Decision needed	Confirm by
Before the unit	2027 handbook schedule, formal notices, issue/due dates, criteria, conditions, adjustments and submission/receipt method. Use the 2026 subject-level 60/25/15 schedule only as a planning reference, not a Desk Tidy unit mapping.	Teacher / faculty
Before practical work	Current induction, OnGuard links, PPE, tool/machine approvals, supervision and local risk controls.	Teacher / faculty
Before production	Approved construction drawing, component schedule, dimensions, tolerances, joint plan and authorised variations.	Teacher / faculty
Before finishing	Product instructions, SDS, finish area, application, drying/curing, storage and spill controls.	Teacher / faculty
Before classroom issue	Class/year label and approved adjustments. Digital literacy processes support learning but do not add a Digital/communication outcome to this unit.	Teacher / faculty

Teaching program | Periods 1-10

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Design brief and user need	M1 Designing for an organised workspace: theory, 10 checks, verified video and activity brief-to-criteria; save brief/criteria to Folio 1.	Factors affecting design; document design processes	10 checks + capstone + Folio 1 TE4-PDP-01, TE4-DES-01
2	Site/theory	Hazards, risks and controls	M1 Hazards, risks and controls: theory, 10 checks, verified video and activity hazard-risk-control-chain; complete the scaffolded safety response and assigned induction work.	Safe practice; select and justify processes	10 checks + safety capstone + Folio 7 TE4-SAF-01, TE4-PDP-01
3	Practical	Choosing materials responsibly	M1 Choosing materials responsibly: theory, 10 checks, verified video and activity materials-evidence-sort; compare teacher-approved samples, material properties, waste and responsible sourcing.	Material properties; responsible sourcing; safe sample testing	10 checks + 2 materials capstones + sample record TE4-MSC-01, TE4-SDP-01, TE4-SAF-01
4	Practical	Induction and demonstration	Use M1 safety-section support; complete current induction and the teacher's practice-slat demonstration. Website support is not tool authorisation.	Safe use of materials, tools and processes	Induction / OnGuard check TE4-SAF-01, TE4-PDP-01
5	Practical	Practice slat	Project-unit source: make the authorised 200 x 20 x 10 mm practice slat under current teacher controls and check accuracy. No separate site package is required.	Develop practical skills; test processes	Practice-slat check TE4-SAF-01, TE4-PPM-01
6	Site/theory	Research products and production roles	M2 Researching organisers and generating four concepts: theory, 10 checks, verified video and activity research-to-four-concepts; compare two products and record source responsibilities.	Products/systems; production roles; ethical/legal considerations	10 checks + research capstone TE4-PDP-01, TE4-MSC-01
7	Project/folio	Develop four concepts	Continue the M2 research-to-four-concepts section/activity; draw four genuinely different annotated concepts with approximate sizes and save to Folio 2.	Design/creative thinking; sketch and annotate ideas	Folio 2 concepts TE4-DES-01, TE4-PDP-01, TE4-MSC-01
8	Site/theory	Compare, prototype and refine	M2 Comparing concepts: theory, 10 checks, verified video and activity concept-evidence-decisions; use the matrix and approved prototype/model/sample evidence.	Assess ideas; create and test prototypes/models/samples	10 checks + 2 capstones + Folio 3 TE4-DES-01, TE4-SDP-01, TE4-MSC-01
9	Project/folio	Respectful design research	M2 Respectful design research: theory, 10 checks, verified video and activity respectful-design-research; save source, context, permission and design decision to Folio 4.	Aboriginal and Torres Strait Islander Peoples' products/systems; ethical use	10 checks + capstone + Folio 4 TE4-SDP-01, TE4-PDP-01
10	Practical	Joint samples and approval	Early support: pre-teach the M4 joint section/activity; practise approved joints on offcuts, compare quality and gain design/joint approval.	Justify tools, materials and techniques	Joint sample TE4-MSC-01, TE4-SAF-01, TE4-PPM-01

Sign-off P1-10: 2027 assessment status, induction/OnGuard, supports and design/joint approval confirmed. Initials: _____ Date: _____

Teaching program | Periods 11-20

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
11	Site/theory	Orthographic drawing	M3 Working drawings: theory, 10 checks, verified video and activity working-drawing-language; draw approved 1:10 orthographic views and save to Folio 5.	Sketch, draw, annotate and document solutions	10 checks + capstone + Folio 5 TE4-DES-01, TE4-PPM-01
12	Project/folio	Isometric and cutting list	Dual map: continue M3 working drawings and begin the cutting-list/production-plan package; prepare the isometric and cutting list from approved information and save Folio 5 and 6 evidence.	Draw solutions; document design and safe production	Drawing + cutting-list evidence + Folio 5 and 6 TE4-DES-01, TE4-PPM-01, TE4-SAF-01
13	Project/folio	Production schedule	Continue the M3 cutting-list/production-plan section and activity production-plan-sequence; complete its scaffolded sequence, dependencies, safety, quality and contingency capstone in Folio 6.	Plan and manage safe production; document design	Production-plan capstone + Folio 6 TE4-PPM-01, TE4-PDP-01, TE4-SAF-01
14	Practical	Datum marking-out	M3 Datums and accurate marking out: theory, 10 checks, verified video and activity datum-stop-check; mark from one approved datum and record the check.	Select processes; demonstrate safe practice	10 checks + capstone + Folio 8 TE4-PPM-01, TE4-SAF-01
15	Practical	Complete marking-out	Complete marking out from approved drawings; pair matching parts and recheck dimensions before irreversible work.	Select processes; test accuracy	Component check + Folio 8 TE4-PPM-01, TE4-SAF-01
16	Practical	Cut components	M4 Cutting and shaping accurately: theory, 10 checks, verified video and activity controlled-cutting-routine before tools are issued; begin approved cutting.	Develop practical skills; demonstrate safe practice	10 checks + capstone TE4-SAF-01, TE4-PPM-01
17	Practical	Shape and refine	Continue the M4 cutting and shaping section/activity; shape matching parts using demonstrated methods, compare against approved drawings and recheck dimensions.	Production techniques and solution quality	Shaped-component check TE4-PPM-01, TE4-SAF-01
18	Practical	Prepare joints and drilling	M4 Butt, rebate and dowel joints: theory, 10 checks, verified video and activity joint-detective; prepare only the approved joint/drilling process.	Select and justify processes; safe practice	10 checks + capstone + Folio 9 TE4-MSD-01, TE4-SAF-01, TE4-PPM-01
19	Practical	Dry fit	M4 Dry fitting, PVA assembly and surface preparation: theory, 10 checks, verified video and activity dry-fit-to-surface; complete full dry fit and record faults.	Test, modify and improve quality	10 checks + capstone + Folio 10 TE4-MSD-01, TE4-PPM-01
20	Practical	Refine the fit	Continue the M4 dry-fit section/activity; resolve faults through teacher-approved adjustments, recheck the full assembly and complete the mapped dry-fit capstone before glue-up.	Test, modify and evaluate quality	Capstone + approved dry fit TE4-MSD-01, TE4-PPM-01, TE4-SAF-01

Sign-off P11-20: approved drawing, dimensions, cutting list, tools, supervision and local controls confirmed. Initials: _____ Date: _____

Teaching program | Periods 21-25

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
21	Practical	Glue and clamp	Continue activity dry-fit-to-surface; apply PVA, assemble and clamp only as demonstrated; photograph alignment and quality checks for Folio 10.	Develop practical skills; document design	Assembly record + Folio 10 TE4-SAF-01, TE4-PPM-01
22	Practical	Surface preparation	When cured and authorised, sand through 80, 120 and 240 grit; inspect glue, edges and surface; record preparation evidence in Folio 11.	Production techniques and solution quality	Surface check + Folio 11 TE4-MSC-01, TE4-SAF-01
23	Practical	Apply clear finish	M5 Applying a clear finish: use the full on-site theory alternative, 10 checks and activity finish-readiness-inspection; apply one approved coat under current product and teacher controls.	Develop practical skills; demonstrate safe practice	10 checks + capstone + Folio 11 TE4-SAF-01, TE4-PPM-01
24	Practical	Functional testing	M5 Functional testing: theory, 10 checks, verified video and activity functional-test-builder; test capacity, access, stability, desk fit and workmanship.	Test, improve and evaluate quality	10 checks + capstone + Folio 12 TE4-DES-01, TE4-PPM-01
25	Project/folio	Evaluate and present	M5 Evaluation, presentation and reflection: theory, 10 checks, verified video and activity evaluation-evidence-check; complete two capstones and Folio 12; present selected evidence.	Evaluate using written, visual, verbal or multimodal forms	10 checks + 2 capstones + Folio 12 TE4-DES-01, TE4-SDP-01, TE4-PDP-01

Sign-off P21-25: product/SDS controls, finish area, submission/presentation and adjustments confirmed. Initials: _____ Date: _____

Evidence, feedback and support

Evidence	Look for	Respond / support
Website theory and checks	Named section and 10 checks completed; feedback shows the decision understood	Return to the linked theory, use escalating hints, then retry
Scaffolded capstones	Claim, evidence and reasoning are specific to the student's Desk Tidy	Conference, model one step and check the revised explanation
Applied activities	All 15 practices connect to their named section; feedback is acted on	Retry or use the printable low-tech equivalent
Folio and planning	Twelve cards preserve decisions, drawings, process photographs and evaluation	Check browser-local autosave; export ZIP/JSON; use the teacher submission method
Practical observation	Current controls, accuracy, workflow, quality and clean-down	Pause, demonstrate, practise on offcuts and recheck
Product and evaluation	Functional tests and evidence-based judgement against original criteria	Name the test, result, judgement, limitation and realistic improvement

Support: preteach vocabulary; use visual steps, demonstrations, chunked instructions, sentence scaffolds, accessible practical roles and approved evidence modes. Explicitly teach millimetres, scale, datums, quantities and time planning. Teach attribution, privacy and local-save/backup limits as general digital literacy processes without claiming a Digital/communication outcome. Never relax an authorised safety control.

Course system and delivery register

This school-developed, NESA-aligned program maps the real local course. Blank delivery fields are intentional until teaching occurs; website evidence is working evidence, not automatic submission.

Module / periods	Route / storage	Learning package	Activities / media	Folio / presentation	Actual	Delivery record
M01 Periods 1-5	weeks1-2/index.html desk-tidy-weeks1-2-guided-v2	3 sections 30 checks 4 capstones	3 activities 3 verified videos	Folio 1,7 desk-tidy-weeks-1-2.pptx	Date(s): Initials:	Completion/variance: Evidence checked: Adjustments/follow-up:
M02 Periods 6-10	weeks3-4/index.html desk-tidy-weeks3-4-guided-v3	3 sections 30 checks 4 capstones	3 activities 3 verified videos	Folio 2,3,4 desk-tidy-weeks-3-4.pptx	Date(s): Initials:	Completion/variance: Evidence checked: Adjustments/follow-up:
M03 Periods 11-15	weeks5-6/index.html desk-tidy-weeks5-6-guided-v2	3 sections 30 checks 4 capstones	3 activities 3 verified videos	Folio 5,6,8 desk-tidy-weeks-5-6.pptx	Date(s): Initials:	Completion/variance: Evidence checked: Adjustments/follow-up:
M04 Periods 16-22	weeks7-8/index.html desk-tidy-weeks7-8-guided-v2	3 sections 30 checks 4 capstones	3 activities 3 verified videos	Folio 8,9,10,11 desk-tidy-weeks-7-8.pptx	Date(s): Initials:	Completion/variance: Evidence checked: Adjustments/follow-up:
M05 Periods 23-25	weeks9-10/index.html desk-tidy-weeks9-10-guided-v2	3 sections 30 checks 4 capstones	3 activities 2 verified videos + on-site finish alternative	Folio 11,12 desk-tidy-weeks-9-10.pptx	Date(s): Initials:	Completion/variance: Evidence checked: Adjustments/follow-up:

Assessment planning reference

Task	2026 weighting	Published timing	2027 authority state
Project and Practical	60%	End of Semester 1 and 2	Subject-level planning reference only; not a Desk Tidy unit mapping. Formal 2027 notice, criteria, dates and submission Teacher to confirm
Folio	25%	End of Semester 1 and 2	Subject-level planning reference only; not a Desk Tidy unit mapping. Formal 2027 notice and approved submission/receipt Teacher to confirm
Design Knowledge	15%	End of Semester 1 and 2	Subject-level planning reference only; not a Desk Tidy unit mapping. Exact 2027 task form and conditions Teacher to confirm

Inclusive delivery lenses

Lens	Explicit classroom practice
Differentiation / adjustments	Visual sequence, modelled example, chunked work, extra processing time, accessible role and approved alternate evidence mode; record the adjustment used.
Literacy / numeracy	Preteach vocabulary and evidence sentences; explicitly teach millimetres, scale, datum, quantities, timing and checking against approved information.
Digital literacy	Teach attribution, safe interaction, privacy, local autosave, ZIP/JSON backup and the teacher submission boundary as general learning processes; no Digital/communication outcome is claimed for this unit.
Safety / workplace	Current induction, teacher authorisation, local controls and product information govern each practical. Stop, isolate and report uncertainty.

FINAL TEACHER SIGN-OFF - I have confirmed the 2027 assessment authority, approved project drawing/details, current practical controls and class adjustments before classroom issue. Name: _____ Initials: _____ Date: _____ Version issued: _____
